THIS LIST CANCELS ALL PREVIOUS EDITIONS

Shipping Please give definite shipping directions, also whether you desire shipment to be made by freight or express. Also route if possible. If no directions are given we will forward to the best of our judgment without assuming responsibility, as all goods travel at purchaser's risk and expense. Our close proximity to Chicago, the great railway center, affords direct connection with all the leading lines in the country, and assures our customers quick service and low Chicago rates.

Prices The prices quoted are net, boxing extra, and are as reasonable as is consistent with first quality stock carefully graded and properly handled, that it may reach destination in the best possible condition. Prices are limited to the wholesale trade and are only for the Spring of 1915.

Stock furnished in quantity as follows:

Rates 5 of the same variety and size at the 10 rate. 50 of the same variety and size at the 100 rate. 500 of the same variety and size at the 1,000 rate. We grade carefully, quality being our watchword.

Terms Usual terms to those of established credit or whose responsibility is known to us. Cash, security or satisfactory reference required of unknown parties.

Boxing and Bales Boxing and bales will be charged for at actual cost of material used. We make no charge for packing or delivery to the railway station.

Guarantee We exercise the utmost care and diligence to have our varieties true to name and on proper proof will replace all trees that may prove otherwise, or refund the amount paid. It is mutually agreed and understood between the purchaser and ourselves that we shall in no case be liable for any sum greater than the original purchase price. All agreements and contracts are made subject to the loss of crop by drought or other **unavoidable** causes.

Special Notice Correspondents are requested to use their printed business letter heads. This list is for the trade only and in justice to our customers, the Nurserymen, Florists and large dealers who do their own packing, we use every possible effort to limit the distribution of trade prices to those we know to be entitled to receive them. **Use printed stationery.**

Location We are situated in Northern Illinois, on well drained, rich, fertile soil. Located 35 miles west of Chicago on the Galena Division of the C. & N. W. Ry. as well as the A. E. & C. interurban electric system.

Visitors Visitors are always welcome and when coming by the way of Chicago, are directed to the C. & N. W. Depot on Madison Street, from where it is an interesting ride through the famous Fox River Valley dairy district, of one hour and thirty minutes, direct to the nursery. For an hourly service from Chicago's shopping district, take the A. E. & C. electric line at Fifth Avenue and Jackson Boulevard direct to Elgin, transferring to the Carpentersville car, getting off at stop No. 4, Dundee, from where it is but a two-minute walk direct to the nursery.

Hill's Hardy Evergreen Seedlings

The growing of Hardy Evergreen Seedlings has been a specialty with us for over half a century. That we have been successful and that our stock gives entire satisfaction is attested by our rapidly growing list of customers, whom we supply year after year. Our best customers are those who have found by actual experience that "it pays to get your Evergreens from Hill." "Quality" and "Service" are our watchwords. Try us this year. Our seedlings are always freshly and carefully dug, properly graded to sizes, plainly labeled and tied in bunches of 50 and 100.

Hill's Standard Transplanted Evergreens

Good Hill Quality Evergreens do not just happen. We put the Hill Quality into them deliberately in numerous ways. First—Our soil and climate is ideal for Evergreen culture. Second—We develop the strength and vitality of our stock (so necessary for successful removal and shipment)—by actually root-pruning and transplanting at definite intervals. Third—By our system of digging, handling and packing whereby Hill's Evergreens can travel the longest distance with safety. Hill's Evergreens are always freshly dug, generously graded and carefully packed. You get no culls, as they are consigned to the brush pile.

Hill's Specimen Evergreens

B & B—Balled and Burlapped

These trees are all perfect specimens, having good roots owing to frequent transplanting. Always freshly and carefully dug. No extra charge for Ball and Burlap. To satisfy the increasing demand for larger trees to give quicker results, a large portion of our Nursery is devoted to the growing of Specimen Evergreens to be handled with Ball and Burlap. This stock is all grown in wide rows with plenty of room to develop both root and top. Each tree is staked to insure symmetrical growth and at regular intervals throughout the growing season trimming and pruning is done by men of long experience in this line. We keep this stock on the move also, transplanting every two years, as a root system can be developed in no other way, and in Evergreens, roots are the basis of success.

The Blue Spruce

We are headquarters for this splendid variety, having specialized in them for years, and notwithstanding the unusual demand, have succeeded in building up a magnificent stock (without doubt the largest in the world). We offer three types as below, and in ordering from our immense stock of choice trees you may rely upon receiving both in color and form "specimens" in every sense of the word. Deciduous Forest Tree Seedlings

This is one of our leading specialties. Our soil and climate apparently is ideal for their propagation. This class of stock receives the same painstaking attention and careful handling that is given our Evergreens. All stock is carefully dug, properly graded to size and tied twice in bunches of 50 and 100.

Hill's Tubbed Evergreens

Prices include tree tubs, F. O. B. Dundee, Ill., where we ship by American Express and C. & N. W. R. R.

Measurements as given are the height of the tree from the top of the box to the top of the tree in its natural position. Where formal effect is desired nothing is more satisfactory than these specimens. They are unexcelled for veranda or lawns and very appropriate and effective for inside decoration.

All are long-lived and will withstand frost and cold. Prices include careful crating to insure them from any injury during transit.
